"a good place to be"

Thank you to our individual donors and supporters who make St. Alban’s a good place to be.

Annual Report 2016
Over the last year, St. Alban’s has grown and continues to provide services with a focus on Children and Youth, but also where possible, we provide Adult programs. Our mission is “to provide a safe, supportive place where children and youth can experience new opportunities, overcome barriers, build positive relationships and develop confidence and skills for life.” The Club provides programs in various locations in the Jane and Finch, Weston-Mount Dennis and Lawrence Heights communities, as well as in the central and original Bathurst and Dupont community.

We are working on initiatives to provide additional space in our communities, including establishing a portable to provide program and office support space in the Weston-Mount Dennis community. At the St. Alban’s location, we have rented local space to accommodate administrative functions and to ensure the Club can operate at the maximum capacity for program spaces. The Board is also continuing to evaluate options for additional program space and has advanced with additional feasibility studies on a few options for wider consideration.

The Board remains committed to establishing a Camp and is determining if an appropriate site is likely to become available, as this is not the case now.

We will be evaluating the changes in funding models implemented by United Way. We will apply through a program stream, rather than as an anchor organization for United Way funding; this may limit the number and type of funds we are eligible to receive. The Club management will carefully manage this process. The Club reported positive financials for the last year and we are able to ensure we have a reserve building up to the level suggested by United Way. We have a broad range of funding sources and this diversification reduces our exposure to potential change in one source. Thanks to those involved in the financial planning for the Club, and especially to David Nemirovsky, our treasurer.

It is my pleasure to congratulate the staff and volunteers for a job well done. As we frequently report, our staff is very committed and provide enthusiastic support to build an outstanding organization. I would like to thank all the Board members for their interest in advancing the organization. As I have done for what is now many years, I would again in 2017 emphasize the outstanding job of Chris Foster for his leadership and commitment to the Club.

We are an organization whose strength is built by commitment from trained staff and volunteers providing quality programs and opportunities. Thanks to you all!

The Digital Arts Zone opened its doors in 2016 and the newly renovated children’s center at Jane & Finch reopened as well.
